I would like a public meeting regarding project # 3028516.
This is in regards to cutting down the trees on 2 lots.
The neighborhood would benefit from such a meeting
as there are quite a few neighbors that need to know why
all these trees need to be cut down for this project.

I also would like to know why a building permit would be granted
to build 5 home if the trees needed to be cut down to build the homes.
Important information could be given by the City of Seattle regarding
regarding permits granted when the project is cutting down trees and
ALL the big tree to complete the project.

I look forward to hearing from you.
Thank you for your consideration.

Neighbor in Victory Heights.
Mary J Stout.
